#### I. Main Purpose of the Department

The goals of the Department are to:

Provide golf opportunities, instruction and merchandise for Natick residents, non-residents and local businesses in the MetroWest area.

#### **II. Recent Developments**

The Golf Course experienced an increase in revenues from FY06 to FY07 (approximately \$36, 455). At this time, calendar 2007 revenues are ahead of the calendar 2006 revenues by \$59,886. Rounds of play for calendar year 2007 are now at a new course record of 28,777. The golf instruction program was 100% full in 2007, while competitive league play revenues increased by 30% over the previous year.

#### III. Current Challenges

- To identify and obtain information from the golfers on their total experience in the following areas: Course conditions, layout, value, customer service and amenities.
- To make improvements in the five previously mentioned areas from which golfers would give as feed back. Through this method, we hope to encourage customers to return to the course more frequently, which should increase revenues.
- To provide an improved infrastructure for the golfers, which includes better course drainage, improved cart paths, finished paved parking lot and a completed landscape around the clubhouse.
- To locate and provide a water source within the course that can be directed into the irrigation pond for irrigation use.
- Continue to create a marketing plan and strategy that will bring more golfers to the course between the hours of 6:00 am and 2:00 pm weekdays.
- Need to work with Human Services Director in obtaining the appropriate Municipal Employee Employment Guidelines so as to control employee cost.

#### IV. Significant Proposed Changes for the Upcoming Fiscal Year and Budget Impact

- Manage the new a 60' x 24' double trailer as efficiently as possible, which will improve the services for our customers.
- Supporters of Sassamon Trace continue the implementation of their course improvement campaign by supplying other improvements to the course in conjunction with the course's management team.
- Increase certain fees with discount replay opportunities (Marketing/Price Plan.)

#### V. On the Horizon

The Town needs to explore the following areas:

- Possibility of practice facility within the course's perimeter (two possibilities.)
- Increase golf fees in future as other site amenities are provided.
- Create other recreation and leisure opportunities at the course at specific times of the year for our residents.
